COSMETIC / CLINICAL INDICATIONS

- DefencExtra 80 SPF
- Very high protection sunscreen with advanced UVA/UVB filters. Easily absorbed, leaves no white marks. Protects from solar radiation of sea and mountains, blocking the incidence of sunlight and preventing the processes of photosensitization. Suitable for all skin types even sensitive.
- Aloe Vera extract - Has a moisturizing and softening action on the skin by their ability to retain water molecules. Thanks to the combined action of its components, aloe Vera has properties of cell regeneration and growth stimulation of the fibres that are responsible for skin elasticity. Another one of its important properties is its anti-inflammatory action.
- CHAMOMILE EXTRACT - It has an important anti-inflammatory activity providing a soothing effect when applying.
