ExfoLight

Line: Professional Cosmetics | Presentation: Professional cabin dermocosmetic format

Controlled Skin Exfoliation for firm skin, bright and uniform tone. Is recommended to treat wrinkles, dark spots and signs of ageing. Less dilated pores and imperfections. Not aggressive exfoliation, acts as a facial peel, releasing dead skin cells and...

KEY ACTIVE INGREDIENTS

- GLYCOLIC ACID PEEL 12% It keeps skin cells well-oxygenated, promoting its regeneration. It provides firmness to skin by removing dead cells and reducing the new growth time. Its application reduces skin impurities and neutralizes unwanted bacteria that cause skin blemishes. This 'micro peeling' gives your face a youthful, luminous appearance, soothing any irritated or damaged skin.
- AHA PRONALEN 50 - Concentrated from passion fruit, lemon, grape and pineapple. With a total of 15% content of AHAs (lactic acid, glycolic acid, citric acid and tartaric acid). These organic acids diminish coenocyte cohesion, which improves the elasticity of the stratum corneum and elevates the moisturization of the skin.
- NIACINAMIDE It reduces trans-epidermal water loss, keeping the skin nourished and well hydrated. Fights Acne & Hyperpigmentation.

COSMETIC / CLINICAL INDICATIONS

- ExfoLight
- Ace ti acizi organici diminueaz coeziunea corneocitelor, ceea ce îmbun t e te elasticitatea stratului cornos i accelereaz hidratarea pielii.
- Apply on clean skin once a week, leave for 10-15 minutes and remove. Delay the start of treatment if the skin shows signs of hypersensitivity, such as irritation or where there is exposure to solar radiation.

PUBLIC APPLICATION OVERVIEW

- Controlled Skin Exfoliation for firm skin, bright and uniform tone. Is recommended to treat wrinkles, dark spots and signs of ageing. Less dilated pores and imperfections. Not aggressive exfoliation, acts as a facial peel, releasing dead skin cells and promoting its oxygenation and regeneration. The results are visible from the first application and gradually increase. Within four weeks, the skin is visibly improved.
- Treatment protocol
