ExoCell Capilar - Curcuma Exosome

Line: ExoCell Exosomes | Presentation: 5 ml

Biotechnological Hair Regeneration Platform for Distributors and Professionals

KEY ACTIVE INGREDIENTS

- ExoCell Capilar Curcuma Exosome is a professional two-vial system designed to deliver high-demand advanced treatments, combining plant-derived exosomes from Curcuma longa with the Capixyl(R) peptide complex. Its biphasic formulation ensures maximum stability, efficacy, and visible results, enabling professionals to generate recurring revenue and stand out from the competition.
- Composition & Technology · Vial 1 (Lyophilized Powder): Curcuma longa Exosomes - 100 million exosomes/ml, +500 active peptides - Follicle activation and stimulation of the growth (anagen) phase
