FIRMNESSE

Line: Meso Cocktail | Presentation: Sterile professional mesotherapy vials

Firms and tones the cellular tissue, restructure mature skin, increase elasticity and hydration of the body and facial skin. It provides cell regeneration, increasing muscle contraction and giving firmness to skin tissues to regain its thickness,...

KEY ACTIVE INGREDIENTS

- Panthenol 20%: Retains the epidermal water for a long time, providing a hydrated skin barrier. Panthenol easily penetrates the dermis and moisturizes the skin deeply leaving it soft and elastic.
- Centella Asiatica 2%: Has healing and regenerative properties, helps blood circulation by facilitating venous return and disposal of waste substances.
- Collagen Marin 2%: It is a valuable protein that contributes to the acceleration of cell regeneration, consequently causing an increase in tissue strength, preventing the appearance of premature ageing.
- Thiamine (vitamin B1) 1%: Contributes to the growth and maintenance of the skin, reduces the effects of ageing because it is a powerful anti-oxidant, also plays an important role in the circulation, which affects the brightness of the skin.

COSMETIC / CLINICAL INDICATIONS

- Firmnesse for face and body
- Firms and tones the cellular tissue, restructure mature skin, increase elasticity and hydration of the body and facial skin. It provides cell regeneration, increasing muscle contraction and giving firmness to skin tissues to regain its thickness, elasticity and smoothness.
- DMAE 1%: It works as a neurotransmitter, converting Choline in acetylcholine while increasing the degree of muscle contraction.
- Organic Silicon 1%: It is responsible for the union between glycosaminoglycans and polyuronides, determine the right formation of the structural connective tissue.
