KEY ACTIVE INGREDIENTS

- Vitamin C 5% (Ascorbic Acid): This powerful antioxidant not only prevents premature aging but also facilitates the absorption of other nutrients. It is essential for collagen formation, acting as a natural brightener that regulates melanin production and helps illuminate the skin without causing cytotoxic effects.
- Marine Collagen 3%: This ingredient contributes to accelerating cell regeneration, increasing the firmness and elasticity of tissues. Its firming action visibly improves skin texture, providing a more youthful and toned appearance.
- Formula efectiva por su alto contenido de Glutatión y Vitamina C, es indicado para las manchas de la epidermis, genera las condiciones óptimas para obtener luminosidad de la piel y actuando en profundidad para corregirlas. Neutraliza los radicales libres. Reactiva el reflejo de la luz. Afina, alisa y unifica la textura de la piel.
- ÁCIDO ASCÓRBICO (VITAMINA C) 5%: Es un poderoso antioxidante, previene el envejecimiento prematuro y facilita la absorción de otras vitaminas y minerales. Es esencial para la correcta formación de colágeno, actúa como ingrediente para blanquear la piel sin causar ningún efecto citotóxico. Es regulador de la producción de melanina; útil para blanquear la piel oscura.

COSMETIC / CLINICAL INDICATIONS

- Whitenesse
- Whitenesse is the ideal solution for combating epidermal spots, offering a deep action that not only corrects imperfections but also creates optimal conditions for achieving radiant and luminous skin. Its advanced formula is designed to reactivate light reflection, refining, smoothing, and unifying the skin's texture.
- Key Ingredients:
- Glutathione 1200: Known for its powerful antioxidant properties, glutathione acts as an essential cellular protector. Its ability to detoxify and enhance the immune response helps combat oxidative stress, thus preventing tissue apoptosis and promoting healthier, younger-looking skin.
